Administrative Benefits

Providing a great TV service shouldn't be stressful.
Seamless security, support, and maintenance of your Philo Edu system is our top priority.

Provide a Valuable Amenity

Avoid Existing Infrastructure Costs

Place a TV Anywhere on Your Network

No Need to Manage Coaxial Network

Seamless Authentication & Authorization

STUDENTS USE THEIR EXISTING CREDENTIALS

Students can use their existing university credentials because Philo Edu integrates with most identity management systems.

All authentication occurs securely within your campus data center, not in the cloud.

Build Your Own Channel Lineup

CAMPUS CHANNELS   **MAJOR NETWORKS**
LOCAL CHANNELS   **LIVE STREAM EVENTS**

In addition to your custom channel line-up, ingest any digital content, local or broadcast, and centrally manage viewer permissions to control access.

Stream events via your campus channel to anyone on campus via our remote recording system.

Remotely Manage Common Area TVs

COMMON AREA SOLUTION
ROKU STREAMING PLAYER

Provide a big screen experience without a coaxial infrastructure. Philo Edu's Roku application works with a wired or wireless internet connection.

Any TV on campus can be configured for personal or administrative use.

Active Administrative Dashboard

24/7 REMOTE MONITORING
USAGE REPORTS

Easily track the number of viewers, most and least popular channels, and monitor Philo Edu usage on your data network.

An active dashboard enables you to always keep a pulse on your Philo Edu system.
